Antwerp city tour

A city tour has been organized after the last session on the first day (9th November). A bus transfer will take you from the venue to the starting point of the tour. The tour will last around 90 minutes, we suggest you wear comfortable shoes and take necessary rain gear according to the weather forecast.

Please be informed that NO return transfer is organized after the tour. There is however a direct bus (line 17), that would take you back to the hospital.
