

**ERS Rigid Bronchoscopy Course**  
**Pr Philippe ASTOUL – Pr Hervé DUTAU**  
**June 08-10, 2023**  
**Marseille, France**

---

**Thursday, 8 June 2023**

---

- 08:30 – 09:00** Welcome and introduction
- 09:00 – 10:00** Anatomy of the larynx, tracheobronchial tree and mediastinum – *Ph Astoul (Marseille, France)*
- 10:00 – 11:00** Anesthesia for rigid bronchoscopy and basics – *D Breen (Galway, Ireland)*
- 11:00 – 12:00** Indication and complications of rigid bronchoscopy: an overview –  
*H Dutau (Marseille, France)*
- 12:00 – 13:00** Rigid bronchoscopy: a 'Swiss Army Knife' for tracheal-bronchial tree –  
*G Stratakos (Athens, Greece)*
- 13:00 – 14:00** *Lunch (provided)*

**WORKSHOPS – Prs P. Astoul and H. Dutau,**

- 14:00 – 16:30** **Group 1**  
**Practical workshop with animals**  
Workstation 1: Foreign body extraction  
Workstation 2: Silicone stent placement  
Workstation 3: Metallic Stent Placement

- Group 2**  
**Practical workshop with mannequins and models**  
Workstation 1: Tracheal intubation with rigid bronchoscope  
Workstation 2: Selected cases (video)

Participants will be divided into 2 groups with a maximum of 3-4 participants per workstation.

- 16:45 – 17:30** How to set an operating room for interventional rigid bronchoscopy and how to start? -  
*D Breen (Galway, Ireland)*

---

**Friday, 9 June 2023**

---

- 9:00 – 10:00** Airway stenting: a comprehensive review for the choice of the dedicated stent during a procedure and advices for the follow-up – *H Dutau (Marseille, France)*
- 10:00 – 11:00** Tracheobronchial desobstruction:  
How and when do I do it? – *G Stratakos (Athens, Greece)*
- 11:00 – 12:00** Bronchoscopic management of tracheal stenosis – *H Dutau (Marseille, France)*
- 12:00 – 13:00** Management of foreign body: how I do it? – *J Plojoux (Geneva, Switzerland)*
- 13:00 – 14:00** *Lunch (provided)*

**WORKSHOPS – Prs P. Astoul and H. Dutau,**

- 14:00 – 16:30** **Group 2**  
**Practical workshop with animals**  
Workstation 1: Foreign body extraction  
Workstation 2: Silicone stent placement  
Workstation 3: Metallic Stent Placement
- Group 1**  
**Practical workshop with mannequins and models**  
Workstation 1: Tracheal intubation with rigid bronchoscope  
Workstation 2: Selected cases (video)
