

ERS is an international organisation that brings together **physicians, healthcare professionals, scientists** and other experts working in **respiratory medicine**.

We are one of the **leading** medical organisations in the **respiratory field**, with a growing membership **representing** over **140 countries**.

The ERS International Congress attracts more than **22,000 delegates** every year.

The ERS technical exhibition is the largest showcase of diagnostics and therapies in respiratory medicine in the world. The new **ERS PULMONARY PAVILION**, situated in a well trafficked area of the Exhibition hall, has been created for companies that are new to respiratory, have products new to respiratory or simply companies that have never been to ERS and wish to discover the event in a more cost effective way.

3'000 EURO package:

- Fully constructed ERS Pulmonary Pavilion
- Desk with storage space provided
- Opportunity to brand the front of the desk with your own promotional material
- Space for a standing banner
- Access to a shared meeting area
- Promotion of the Area on all ERS mediums (website/App/Emailing/Signage etc.)
- Exhibitor badges included
- Electricity and waste disposal covered
