## CONSTRUCTION RULES AT A GLANCE

To get an overview of our booth construction rules please consult the following examples. They are designed to create a comfortable and open space for both delegates and exhibitors. We aim to encourage the most effective use of island spaces and this means keeping the view through the Exhibition as free as possible, not overshadowing or obscuring the view of the neighboring stands and keeping open-sided stands as accessible as possible. ## ACTIVITIES ON EXHIBITION STANDS

ERS encourages sponsors to offer delegates an interesting, educational and interactive experience on their stands. While we wish all sponsors the best return possible on their support of the Congress, we ask exhibitors to adhere to the following guidelines for interaction with delegates:

- Free gifts should have a limited value and comply with the national guidelines of the country in which the Congress will take place. ERS encourages sponsors to offer gifts that relate to science and medicine, in keeping with regional codes and guidelines.
- Any quizzes should focus on scientific and medical subject matter. In all instances the correct answers to the quiz must be made clear to the delegates participating in the quiz, either verbally or in writing. Microphones are discouraged but allowable if the noise levels do not carry unreasonably on to another stand.
- Exhibitors wishing to incorporate games and activities into their stand concepts should ensure these are relevant to the respiratory field. Examples of disallowed practices include computer golf games, skiing games, portrait painters or photographers, etc.
- In all instances, exhibitors must allow enough space for participants to take part in activities on the stand itself. Any exhibitor with activities causing delegates to participate from the walkways will be asked to halt the activity.
- All interaction with delegates (including market research surveys) should take place on the stand, not in the walkways or any other part of the Congress centre
- Exhibitors are allowed to film on their own booth, staff and material, but all equipment and camera crew must stay within the exhibition booth. Filming of other exhibitors and their materials, ERS Congress features or any ERS sessions is expressly forbidden unless permission has been given by the exhibitor or the ERS respectively.
- The photographing of booths is not permitted during the setup/breakdown of the exhibition unless the photographer is hired by the exhibitor to take photographs of his/her own stand and can avoid inclusion of neighboring booths. Photography during the opening times of the exhibition of all aspects of the event is allowable in all instances except in cases where the photographer or photography equipment would cause an obstruction or danger to delegates / staff visiting or working in the exhibition hall.
- The use of microphones and the playing of videos or music must be limited to a maximum level of 80 decibels. If the noise is clearly and unreasonably affecting a neighboring stand, ERS retains the right to insist that sound is reduced to an acceptable level even if the acceptable level is lower than 80 decibels.
- Due to the overwhelming demand for Wi-Fi in the exhibition hall, strict guidelines for the use of Wi-Fi will be available later in time. As the misuse of the free Wi-Fi system and the setting up of rogue Wi-Fi networks seriously damages the services provided by ERS and the activities on neighboring stands, the organisers reserve the right to demand that any unauthorised networks be shut down. In the unfortunate event that exhibitors refuse to comply, further measures will be taken to shut down the network to protect the Congress and fellow exhibitors from the disruption caused.
- Exhibitors may offer delegates drinks and cold food. Exhibitors must not prepare and serve hot food as the accompanying odors can affect neighboring stands and walkways.
- Charitable initiatives are permitted but should be limited to the exhibition stand. Exhibitors should seek approval from the ERS office to ensure there is no conflict with other initiatives. (Send all requests to [alexandre.delage@ersnet.org](mailto:alexandre.delage@ersnet.org))

## ACCESS TO THE EXHIBITION AREA

- Only delegates in possession of a valid exhibitor or Exhibition set-up badge will be allowed access to the Exhibition outside opening hours. This includes all hired staff such as technicians, decorators, etc.
- Children, Patients and members of the public who are not considered to be respiratory professionals are not allowed in the Exhibition.
- Exhibitors must not hinder the closure of the exhibition hall by encouraging guests to stay on their booth after closing time. Exhibitors are allowed to access the exhibition hall at the minimum 1 hour before the Exhibition opening time and can stay up to 2 hours after the official closing time.

ALL EXHIBITORS ARE ADVISED TO READ THE FULL EXHIBITION GUIDELINES.

THE FULL GUIDELINES AND REGULATIONS FOR THE 2025 ERS EXHIBITION WILL BE PROVIDED BY INTERPLAN AFTER RECEIVING THE CONFIRMATION OF YOUR BOOTH LOCATION.
